

### **MODEL TYPE** **AG-800** **AG-801 W/DAMPENER**

**The AG-800** is a light weight and compact, but rugged, semi-automatic stud welding tool designed to weld any length stud with a weld base diameter range of 12 gauge through 5/8 inches.

**The AG-801** incorporates a plunge dampener in the gun to minimize weld spatter and provide better weld fillet control.

#### **TYPICAL WORKING WEIGHT OF GUN**

**6.5 lbs.**

Includes standard legs and foot piece plus 4 ft of cable from gun handle normally supported by operator.

#### **SHIPPING WEIGHT OF GUN**

**10 lbs.**

Includes standard legs and foot piece plus approximately 8 ft of #1 weld cable and connectors.

*NOTE: Chuck and ferrule grip are not standard and must be ordered separately*
